Foreword

The *Statistical Abstract of Oklahoma* is a comprehensive single source reference for economic and demographic statistical data pertaining to the state. Data are compiled from in-house data bases, and a variety of federal, state, local, and private references. In addition to pertinent data for Oklahoma, the *Abstract* presents comparative data for other southwestern states and the United States in many of the sections.

This volume presents the most current data available on July 1, 1986. Since revising statistical data is a continuous process, the sources cited for each table can supply more recent and, in most cases, more extensive data coverage.

In compiling this *Abstract*, the Center for Economic and Management Research acknowledges the cooperation and assistance of numerous persons in both public and private agencies who generously contributed time and effort to provide us with much of the data contained in this volume.

The following members of the Center for Economic and Management Research staff contributed significantly to the preparation of the 1986 *Statistical Abstract of Oklahoma*. Data Compilation: Marjorie Earley and Edward Seider; Production: Robyn Brown, Marilyn Cain, Julia Rojas, Sheryll Shariat, Alice Watkins, Patricia Wickham, and Roy Yeow.

We hope you find the 1986 *Abstract* useful and informative. Many persons have contributed suggestions which have been incorporated into this volume. We invite your comments and suggestions for future editions.

SECTION 1

OKLAHOMA TAX SYSTEM

The Oklahoma Revenue System consists of both state taxes and those levied by local units of government. The major local tax is that levied by individual counties on real estate and tangible personal property not taxed in lieu by the state.

The state levies a 3.25 percent tax on the gross receipts from selected sales and services and allows municipalities and counties to impose their own sales tax on the same items covered by the state levy.

The state has exclusive taxing rights on mineral, oil and gas production and on rural electric co-ops. Other state taxes in lieu of local taxation include license fees for motor vehicles, mobile homes, travel trailers, boats and boat motors.

And only the state levies excise taxes on incomes, corporate franchises, estates, insurance premiums, real estate and vehicle transactions, cigarettes, tobacco products and motor fuel.

Alcoholic beverages and 3.2 percent beer are taxed only by the state, but both state and local license fees are levied.

This section contains a capsule summary of the major tax laws administered or supervised by the Oklahoma Tax Commission.

This information is intended as a guide only and not as the whole story or last word on a given tax situation.

Individual Income Tax Withholding

Withholding schedules provide graduated rates of tax to be withheld by employers each pay period, giving consideration to wage-earner's marital status and number of dependents claimed. These withholding rates are designed to approximately cover the tax that will be due for taxpayers with standard deductions.

Declaration and Payment of Estimated Taxes

Individual taxpayers expecting to owe as much as $25 more than will be withheld must file a declaration of estimated taxes by the 15th day of the 4th month of the tax year. Payments of estimated taxes may be made quarterly, with the first payment due at the time of filing the estimate.

Corporations and Trusts expecting income tax liability in excess of $100 must file a declaration to file estimated tax and make the first quarterly payment by the 15th day of the 4th month of the tax year.

Corporation Income Tax

Flat rate: 5 percent of Oklahoma taxable income.

Delinquent Payment Penalty

Delinquent payment penalty is 5 percent of tax due plus interest at 1½ percent per month.

State Individual Income Taxes

Oklahoma individual income taxes are based on the Federal Adjusted Gross Income, with certain additions and deductions. Personal exemptions: $1,000 each.

Intangible personal property (cash, bonds, etc.) is tax exempt.

Occupational Health and Safety Fund Tax

This levy is ¾ of 1 percent of each disability award excluding medical and temporary total disability compensation. Subject to this tax is every insurance carrier including self-insured and "no insurance" employers.

Special Indemnity Fund

Each mutual or interinsurance association, stock company, the State Insurance Fund, or other insurance carrier writing workers' compensation insurance in this state, and each self-insurer, will pay to the Oklahoma Tax Commission a sum equal to three percent (3%) of the total compensation for permanent total disability or permanent partial disability paid out or payable during each quarter-year period of the calendar year. The payments to the Tax Commission will be made not later than the fifteenth day of the month following the close of the quarter-year in which compensation is paid or becomes payable. Contributions made by insurance carriers and the State Insurance Fund, under the provisions of the Workers' Compensation Act, to the Special Indemnity Fund shall be considered losses for the purpose of computing workers' compensation rates.

Every political or municipal subdivision of the state, covered by the provisions of the Workers' Compensation Act, including counties, cities, and towns, each will provide sufficient funds in its annual estimate of the needs based on the total compensation paid out or benefits or payments in lieu thereof by the political or municipal subdivision during the prior fiscal year, to pay the amount due under the Workers' Compensation Act for the use and purpose of the Special Indemnity Fund, an amount equal to three percent (3%) of the amount of compensation awards for permanent total disability or permanent partial disability made by the Court for all employees employed by them. It will be the duty of the excise board of each county to approve an appropriation in such amount as may be necessary to pay such sum.

Where an award has been made by the Court, or any payments in lieu thereof, for compensable injury for a permanent total disability or a permanent partial disability, the employer or insurance carrier will pay to such employee ninety-seven percent (97%) of the award and the remaining three percent (3%) will be paid by such employer to the Oklahoma Tax Commission.

Workers' Compensation Insurance Premium Fund

For the purpose of providing funds for the Workers' Compensation Administration Fund, each mutual or interinsurance association, stock company, the State Insurance Fund or other insurance carrier writing workers' compensation insurance in this state will pay to the Oklahoma Tax Commission a tax at a rate of one percent (1%) of all gross direct premiums written during each quarter of the calendar year for workers' compensation insurance on risks located in this state after deducting from the gross direct premiums, return premiums, unabsorbed portions of any deposit premiums, policy dividends, safety refunds, savings and other similar returns paid or credited to policyholders. The payments to the Tax Commission will be made no later than the fifteenth day of the month following the close of each quarter of the calendar year in which the gross direct premiums are collected or collectible. Contributions made by insurance carriers and the State Insurance Fund, under the provisions of this section, to the Workers' Compensation Administration Fund will be considered losses for the purpose of computing workers' compensation rates.

When an employer is authorized to become a self-insurer, the Administrator will so notify the Oklahoma Tax Commission, giving the effective date of such authorization. The Oklahoma Tax Commission shall then assess and collect from the employers carrying their own risk a tax at the rate of two percent (2%) of the total compensation for permanent total disability awards, permanent partial disability awards and death benefits paid out during each quarter of the calendar year by the employers.

It will be the duty of the Oklahoma Tax Commission to collect the payments. The Oklahoma Tax Commission is authorized to bring an action for the recovery of any delinquent or unpaid payments. The Oklahoma Tax Commission may also enforce payments by proceeding in accordance with the provisions of Section 42 of Title 85 of the Oklahoma Statutes.

The Oklahoma Tax Commission will pay monthly to the State Treasurer to the credit of the Workers' Compensation Administration Fund all monies collected under the provisions of this section.

Notes: Details may not add to totals due to rounding.

All income derived from farm operations and Government farm programs is included in the above table. The following description of terms may be helpful in interpreting the table.

Cash Receipts from Farm Marketings - Receipts from sales, loans made or guaranteed by CCC and purchases under price support programs.

Government Payments - Those payments made to farmers in connection with programs such as Agricultural Conservation, Feed Grain, Wheat and Cotton, Disaster Payments, etc.

Non-Money Income - Includes the value of farm products consumed directly in farm households and the rental value of housing provided by farm dwellings. Expenses are included in the production expense estimates, thus non-money imputations do not add on a dollar-for-dollar basis.

Realized Gross Farm Income - The sum of the above income sources.

Farm Production Expenses - Cost of current operations (excludes new capital equipment, taxes, and rents).

Realized Net Farm Income - Realized gross income minus production expenses.

Net Change in Farm Inventories - Value of change in quantities of crops and livestock products kept on farms from one year to the next (may be a minus value).

Total Net Farm Income - Realized net income plus the net change in inventories.
